CAREER OBJECTIVE

I aim to work in a professional environment where I can apply my skills and knowledge as a recent graduate, contributing to the organization's goals while also having opportunities for personal growth. As a fresh graduate, I am enthusiastic about taking on new challenges, embracing opportunities for growth, and making a meaningful impact within the organization.

SKILLS

Express JS	Mongodb	CSS
React Js	PHP	HTML
Javascript	Tailwind css	Bootstrap

PROJECTS

Pinterest Clone

Developed a Pinterest-like web application using ejs templates,HTML,Tailwind CSS, JavaScript, and Express.js for the backend, along with MongoDB for database management. The project featured user account management with authentication and profile management, and a dynamic post-sharing system allowing users to create, view, and like posts. Emphasized an engaging user experience with a clean UI, enabling users to interact with content effectively.
